

## CB-4800 Cable, Fire Resistant, Series 4800

---

**Description:** Fire resistant low smoke halogen free data cable providing circuit integrity and high speed data transmission.

### Cable Properties:

Data 4 Pair 0.65mm	(0.33mm <sup>2</sup> – 22AWG)
Temp. Range	0°C to +50°C
Installed Operating Temp. Range	-20°C to +60°C
Outside Diameter of Sheath	.42"
Length: 1,000 ft. +/-5%	

### Fire Tests & Standards:

Fire Resistant BS5839 Enhanced	>2hrs @ 950°C
Fire Resistant IEC60331-23	>3hrs @ 750°C
Flame Retardant	UL1581 VW1

### London Underground Tests & Approvals:

Fire Resistant BS5839-1 Clause 26.2E	>2hrs @ 950°C
Fire Resistant BS8434-2 2003	>3hrs @ 750°C

---

### Cable Termination Kit: CBC-4800

(1) Kit required per 4800V Call Station

#### Kit Includes:

- (2) Cat5e patch cables.
- (2) Terminating Cat5e jacks.

### Cat5e Jack Seating Tool

Tool Part# ITL-CB4800

(1) Tool required per system.
