Power Supply – 24 Volt, 2 AMP
P-5242

Description: Power supply to be used with Cornell’s Aiphone Audio Nurse Call system.

Rated Output: 2 amp continuous supply current at continuous supply current at 24 VDC.

Power Consumption: 60W/100-125VA

Power Source: AC 100V-240V, 50/60Hz

Circuit Protection: Short circuit and thermal overload protection.

Operation: Provides 2 amp continuous supply current at 24 VDC.

Mounting: Surface Wall mount utilizing supplied mounting bracket.

Engineering Specifications: The contractor shall furnish and install a CORNELL P-5242 Power Supply for use with the CORNELL Series System.

Technical Information:
- Operating Environment: 32-104°F Indoor Non-condensing
- Physical Enclosure Dimensions: 16” H x 3.6” W x 2” D
- Mounting: Surface mounted hanging bracket.
- Cord Length: min 6’, max 6’7”
- Wiring: #18 AWG Minimum
